VICTOR CLAVERÍA BARRABÉS

Artesano Alimentario de Aragón

With a degree in economics, he found himself facing a straight, flat, and perfectly asphalted road, or in other words, a well-paid job.

Victor took the hard road towards his passion, he dreamt of making wine.

He abandoned all comfort and trained to become an oenologist for several years. Along the way, he met his wife Isabel and together they made the decision to go back to the place where their ancestors had been born and lived to give free rein to their passion, making wine.

In 2016 the Government of Aragon awarded him the title of Food Artisan in the wine sector, making him the first person to hold this distinction.

Essential Gin

Elaboration

Essential Gin Cabecita Loca is a dry gin made from a selection of wine distillates on which are macerated juniper berries, coriander and Mediterranean citrus peel. 42.5% alc.

Tasting notes

Transparent, colourless, with a slight density when poured in the glass, glyceric. Aromas of juniper and citrus, predominantly lemon and orange peel. Notes of coriander. Intense, fresh and subtle. The alcohol appears less intense than the rest of the aromas. In the taste, botanicals are manifested beyond the four elementary flavours, providing perceptions of dryness, with a greater incidence of dryness of roots and mineral sensations with a retro nasal route where citrus fruits reappear. The palate is smooth, enveloping, glyceric, with a velvety feel and a very subtle and elegant bitterness on the finish.

Pairing and serving

Ideal pairing and serving for unique moments. Long-drinking gin, either on its own or with a fine-needle neutral tonic without colouring additives. Recommended as a fantastic digestive companion after a gastronomic journey. Serve between 8°C and 10°C.
